CHAPTER XVII.

UNCLE EB and David were away buying cattle half the week, but Elizabeth Brower was always at home to look after my comfort. She was up before the morning and singing at her work before I was out of bed. When breakfast was near ready she came to my door with a call so full of cheerfulness and good nature it was the best thing in the day. And often at night I have known her to come into my room when I was lying awake with some hard problem to see that I was properly covered or that my window was not open too far. As we sat alone together on an evening I have seen her listen for hours while I was committing the odes of Horace with a seriousness that finally gave way to resignation. Sometimes she would look over my shoulder at the printed page and try to discern some meaning in it. When Uncle Eb was with us he would sit a long time, his head turned tentatively as the lines came rattling off my tongue.

"Cur'us talk," he said one evening as I paused a moment, while he crossed the room for a drink of water. "Don't seem 't make no kind o' sense. I can make out a word here an' there, but

Backed up by over a third of a century of remarkable and uniform cures, a record of no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel warranted in offering to pay \$50 in gold money for any case of Leucorrhoea, female Weakness, Protrusion, or Falling of the Uterus, which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

Very often a married woman or young girl does not know how to turn to for advice in circumstances where she dislikes to talk with the family physician about delicate matters. At such times write to Dr. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, 235 Buffalo, N. Y., for free consultation and advice, and the same will be held as a confidential. It is foolish to consult women friends or persons without medical training.

Dr. Pierce's Favorite Prescription contains no alcohol, is entirely vegetable and as the first exclusively woman's tonic on the market—it has sold more largely in the past third of a century than any other medicine for women.

All other compounds intended for women are made with alcohol, or alcohol is a large component—this alcohol injures the nerves. The little red capsules of the food are shrunken by alcohol. All such compounds, therefore, do harm.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. Use them with the "Favorite Prescription" when a bill is required. One is a laxative, two, a mild cathartic.

GOING TO BUILD? IF SO, get Nichol's Album of Aesthetic Dwellings, 125 pages of photographs and plans of moderate sized homes. Tells how to build them. Post-10 cents.

Plans and specifications carefully prepared for church, school, stores, etc.

NICHOIS the Architect Bloomington

The streets of the town were thronged, every student having the college colors in his coat lapel. The little company of graduates trembled with fright as the people crowded into the church, whispering and fanning themselves, in eager anticipation. As the former looked from the two side pews where they sat many familiar faces greeted them—the faces of fathers and mothers aglow with the inner light of pride and pleasure, the faces of many they loved came to claim a share in the glory of that day. I found my own, I remember, but none of them gave me such help as that of Uncle Eb. However I might fear, none would feel the pride or disgrace of it more keenly than he. I shall never forget how he turned his head to catch every word when I ascended the platform.

As I warmed to my argument I could see him nudging the arm of David, who sat beside him, as if to say, "There's the boy that came over the hills with me in a pack basket." When I stopped a moment, groping for the next word, he leaned forward, embracing his knee firmly as if intending to draw off a boot. It was all the assistance he could give me. When the exercises were over I found Uncle Eb by the front door of the church waiting for me.

"Willie, ye done noble!" said he. "Did my very best, Uncle Eb," I replied.

"Liked it grand, I did sartin'." "Glad you liked it, Uncle Eb."

"Showed great larnin'. Who was the man 'at give out the pictur's?" He meant the president who had conferred the degrees. I spoke the name. "Deceivin' lookin' man, ain't he? Seen him often, but never took no per-tick'lar notice of him before."

"How deceivin'?" I inquired. "Talked so kind of plain," he replied. "I could understand him as easy as though he'd been swappin' hosses. But when you got up, Bill, why, you jes' riz right up in the air, an' there couldn't no dum fool tell what you was talkin' 'bout."

Whereat I concluded that Uncle Eb's humor was as deep as it was kindly, but I have never been quite sure whether the remark was a compliment or a bit of satire.

[TO BE CONTINUED.]

Greeks Make Bloody Reprisals. Salonica, April 14.—Later reports from Zagorikham, near Klissura, which was attacked by a Greek band on April 7 and burned, say that over 100 Bulgarians were killed, instead of thirty, as stated in earlier dispatches. The Greeks afterward executed thirty prisoners on the spot where the Greek leader Melas was killed last October.

Rudolph's Last Hope Gone. Jefferson City, Mo., April 14.—At a conference between Governor Folk and the attorneys of Bill Rudolph, sentenced to be hanged next Monday at Union, Mo., for the murder of Detective Schumacher, the governor announced that he will not commute Rudolph's sentence to life imprisonment.

Slain While Resisting Arrest. Oklahoma City, April 14.—Bailey Isbell, who was shot and killed near Hartshorn, I. T., while resisting arrest, was identified here as the man who killed Charles and William Fox over a land dispute near this city eight years ago. Isbell escaped from the jail here after his arrest.

Founded by Jefferson. Charlottesville, Va., April 14.—In the eighteenth year of its career and on the anniversary of the birth of Thomas Jefferson, its illustrious founder, the University of Virginia yesterday inaugurated its first president, Dr. Edwin Anderson Alderman.

School Girl Killed by Train. Plymouth, Ind., April 14.—Bertha Haag, the eight-year-old daughter of Mr. and Mrs. Daniel Haag of this city, met death while on her way home from school. She was struck by a switch engine on the Pennsylvania railroad and instantly killed.

The Mexican gold standard will go into effect without postponement on May 1.

MARKET REPORT

Prevailing Prices for Grain and Livestock on April 13.

Indianapolis Grain and Livestock. Wheat—Wagon, \$1.06; No. 2 red, easier, \$1.09. Corn—Steady; No. 2 mixed, 47c. Oats—Firm; No. 2 mixed, 30½c. Hay—Clover, \$9.00; timothy, \$10.00; millet, \$7.00; 8.00. Cattle—Steady at \$3.00 to \$6.50. Hogs—Quiet at \$4.50 to \$5.70. Sheep—Steady at \$2.00 to \$5.00. Lambs—Steady at \$5.00 to \$7.50.

At Cincinnati. Wheat—Dull, lower; No. 2 red, \$1.10. Corn—Steady; No. 2 mixed, 50c. Oats—Quiet; No. 2 mixed, 32½c. Cattle—Dull at \$2.25 to \$5.75. Hogs—Active at \$4.00 to \$5.75. Sheep—Steady at \$2.25 to \$5.25. Lambs—Slow at \$5.00 to \$7.75.

Livestock at Chicago. Wheat—No. 2 red, \$1.18½. Corn—No. 2, 50c. Oats—No. 2, 30½c. Cattle—Steady; steers, \$3.90 to \$6.55; stockers and feeders, \$3.00 to \$5.00. Hogs—Lower at \$4.40 to \$5.67½. Sheep—Steady at \$5.25 to \$6.15. Lambs—Steady at \$4.50 to \$7.40.

At New York. Cattle—Firm at \$3.75 to \$6.70. Hogs—Dull at \$4.50 to \$6.15. Sheep—Active at \$4.00 to \$6.25. Lambs—Steady at \$5.00 to \$8.55.

East Buffalo Livestock. Cattle—Firm at \$3.75 to \$6.50. Hogs—Dull at \$4.50 to \$5.95. Sheep—Active at \$4.00 to \$6.50. Lambs—Steady at \$7.00 to \$8.50.

JEFFERSON FAKIR

That Is What Jerome Calls Him and Gives the Reason Why.

A PRETENDED DEMOCRAT

New York's Brilliant District Attorney Puncture a Commonly Accepted Historic Pretension.

The Secret of President Roosevelt's Success and His Influence Among the People.

Syracuse, N. Y., April 14.—District Attorney William Travers Jerome of New York was the guest of honor at the annual banquet of the chamber of commerce last night. In the course of his speech on "Idealism in Business," he declared that the municipal question was going to be the deciding factor in state and national life. He added that the corrupt political life was but the reflection of the public sentiment. "Too often," said he, "the idea of business is simply to make money. The joy of doing should be the inspiring thought. The statesman should believe in the people. I have called Thomas Jefferson a fakir, and I repeat it. He was a fakir because he pretended to be a Democrat when in reality he did not believe in the people. The political machinery of today makes a public career almost impossible unless you bow to the will of a political boss. There are no bigger cowards in the world than politicians. You can take them by the throat and shake them until their teeth rattle if you only have the nerve. Abstract principle has no effect unless it is embodied in a living being. The success of President Roosevelt and the secret of his influence on the community is this principle. The most of us cannot show our valor on San Juan hill, but we can live a life of sacrifice for the public good."

DEMOCRATS GATHER

Jefferson Day Banquets at Chicago and New York.

Chicago, Ill., April 14.—Subjects of national significance to the Democratic party were discussed by prominent orators of the party at the Jefferson Club banquet, held at the Sherman house last night in commemoration of the birthday of Thomas Jefferson. The dinner, however, in a measure, resolved itself into a justification over Mayor Edward F. Dunne, who is a director of the club, and was among the speakers who responded to toasts. All of the speakers in their discourses referred to municipal ownership and to Mayor Dunne's recent election on that platform.

The toastmaster of the evening was Howard S. Taylor, city prosecuting attorney. William Jennings Bryan and George Fred Williams of Massachusetts, were the principal speakers. Mr. Bryan chose for his subject, "Thomas Jefferson" and his remarks were greeted with unstinted applause. Mr. Bryan took advantage of the occasion to congratulate Mayor Dunne on his recent election as chief executive of the city of Chicago.

Mr. Williams took for his theme, "Equal rights to all and special privileges to none." The speaker was accorded a warm welcome by the banqueters. This was the first time many of those present had ever heard the Massachusetts orator, and his words were listened to with interest.

Mayor Dunne spoke on "Municipal Ownership." After a lengthy discussion of this subject Mayor Dunne ended his remarks by appealing to the Democratic party to incorporate a municipal ownership plank in the platform to be adopted at the next national convention of the party. Mayor Tom L. Johnson of Cleveland was the next speaker. Mr. Johnson also spoke on municipal ownership. He discussed the possibilities of municipal ownership from a traction expert's view. Among others who spoke during the evening were J. Hamilton Lewis and Clarence S. Darrow. Mr. Lewis spoke on "A Constitution to Fit the Institutions."

The New York Meeting. New York, April 14.—Seven hundred Democrats attended the Jefferson Day banquet of the Democratic club of New York at the Waldorf-Astoria last night. There were present many men of national reputation, and chief among these was ex-Judge Alton B. Parker, Democratic nominee for president last November. In the banquet room portraits of Jefferson were conspicuous. In addition to Mr. Parker the speakers were United States Senator Newlands of Nevada, Mayor McClellan of New York, Congressman Henry T. Rainey of Illinois, J. J. Willard of Alabama, and John W. Kern of Indiana.

Sidestepped the Issue.

Indianapolis, Ind., April 14.—T. Taggart, chairman of the Democratic national committee, did not grace either of the big Jefferson day banquet feasts last night. He was invited to the function at New York and Chicago and advertised as one of the features. There was much curiosity as to which one he would attend. If he accepted the one to go to New York it would have been said that he still clings to the eastern wing and

if he had gone to Chicago it would have been said that he had cast his lot with Bryan. Taggart, with his usual forethought, sidestepped both banquets and went to French Lick to look after his interests.

HARD LINES FOR BRUIN

Big Bears Being Tagged Pending the President's Arrival.

Newcastle, Col., April 14.—There has been a fresh snowfall in this region and the roads to Camp Roosevelt are impassable. By telephone, however, it is learned that the men and animals in camp are suffering no hardships and John Goff says that unless more snow falls everything will be in good order when the president arrives. There will be no dearth of game for President Roosevelt. He will have all the bears he wants, and he can choose his own methods. He may chase with the dogs, beat through the district with twenty-five men, or personally track and kill at close quarters. Four bears have already been located. Trappers are following the tracks of half a dozen others, and by the time the presidential party arrives the lairs of fifteen or twenty bears probably will be known.

President Leaves Oklahoma.

Frederick, Okla., April 14.—The president ended his hunt and broke camp yesterday afternoon. The special train left Frederick at 8:15 last evening, arriving at Vernon, Tex., at 9:10 o'clock, where the train was transferred to the Fort Worth & Denver railway and the journey to Colorado begun.

Killed Eighteen Wolves.

Frederick, Okla., April 14.—The eighteen wolves killed by President Roosevelt's party will be skinned and the skins shipped to Washington, where they will be dressed and kept as mementoes of the hunt.

IMPEDED JUSTICE

Such Is the Charge on Which Beef Trust Indictments Are Based.

Chicago, April 14.—Four men, three of whom are employees of the Schwarzschild & Sulzburger company and the other an attorney for that corporation, are named in an indictment returned by the grand jury which is investigating the beef trust. It is charged that the four men obstructed and impeded Deputy Marshal A. A. Bach in his efforts to serve a subpoena upon Edwin B. Fish, a clerk employed by the company, who recently returned from Canada.

The men indicted are: Joseph Weissenbach, attorney for Schwarzschild & Sulzburger company; B. S. Cusey, traffic manager for the company; George D. Hopkins, auditor for the company; Leo S. Joseph, employed in the provision department of the concern. The indictment alleges that a subpoena was issued for Fish on March 3; that it was given to Bach for service; that the four men had arranged for the departure of Fish from this country to Canada and assisted him in leaving the jurisdiction of the court. The men were taken into custody shortly after the return of the indictments, and were released in bonds of \$1,000 in each case.

Taft Made Short Work of It.

Washington, April 14.—The Venezuelan case is a closed incident so far as Secretary Taft, who has charge of foreign relations during the absence of Secretary Hay, is concerned, unless President Roosevelt decides to take it up while he is away on his vacation. This is not thought probable.

TERSE TELEGRAMS

Joseph Jefferson, the famous actor, is ill at his home in Miami, Fla.

John D. Rockefeller has given \$100,000 to the University of Virginia.

The Isthmian canal commission will establish a purchasing depot in New York.

The Finland senate has resolved to petition the emperor of Russia to withdraw the gendarmes from Finland.

A slight earthquake was felt in and near Keokuk, Ia. Buildings were shaken, but no serious damage was done.

The British house of commons by a vote of 265 to 104 defeated a motion to establish a Catholic university in Ireland.

Governor Lefollette has approved the Wisconsin anti-cigarette bill. The measure is to take effect on July 1 next.

The peasant agitation is spreading widely through the Caucasus. The disturbers are forcing all peasants to participate in the pillaging.

A conference of grain dealers of Ohio, Indiana and Kentucky was held at Cincinnati to discuss means of safeguarding bills of lading from forgeries and other misuses.

Police Commissioner Olechewsky of Odessa was wounded in the chest by a bullet fired from a revolver. His assassin, who was arrested, refused to disclose his identity.

Prices of beef have advanced in every important market of the United States. The consumer is paying the advance price which to him represents several cents per pound.

A constitutional amendment authorizing a state bond issue of \$50,000,000 for building good roads under the state aid law, has passed the New York state general assembly.

Movements are on foot to call a Pan-Russian congress of women for the discussion of political and industrial questions. A number of Russian women are among the leaders of advance thought.

FIXING FOR SIEGE

Russians at Vladivostok Will Profit by the Lesson of Port Arthur.

EQUIPPING FORTRESS

One Hundred Thousand Men and Five Hundred Guns Will Oppose the Japanese Legions.

Garrison Being Strengthened So It Will Be Capable of Withstanding Siege.

Tokio, April 14.—It is reported here that the Russians are continually reinforcing the garrison at Vladivostok and that the work of strengthening the fortress is progressing constantly. It is said that the plans of the Russians contemplate a garrison numbering one hundred thousand men with five hundred guns. Many additional batteries, redoubts, barriers and pits are in course of construction and enormous stores of ammunition are being accumulated. The Russians, it is said, hope to so equip the fortress that it will be capable of withstanding a siege.

AN IMPERIAL RESCRIPT

Peasants May Be Given Some Measure of Relief.

St. Petersburg, April 14.—An imperial rescript addressed to the minister of the interior creates a special commission under his presidency to discuss questions relating to peasant tenure of land, which is described by the rescript as the main foundation of national welfare. Measures will be elaborated, first, to afford peasants better means of working their lands to good advantage; second, to permit emigration between districts, helping peasants to increase their holdings through the medium of a peasant's bank, and third, to devise measures for fixing the boundaries of all holdings in order to show their inviolability and to instill more conscientious views on the subject of private property.

Voice of Peace Is Stilled.

St. Petersburg, April 14.—The news of the northward movement of Admiral Rojestvensky's squadron, and his evident intention to accept battle whenever Admiral Togo chooses to offer it has for the present stilled all activities in the direction of peace, and the foreign dispatches relating to the voyage of the squadron are followed with the most intense interest. The admiralty volunteers no information regarding Rojestvensky's plans.

A Clue to Rojestvensky.

Saigon, Indo-China, April 14.—Rojestvensky's hospital ship arrived here last night to take on board provisions, coal and medicines. It will leave today to rejoin the main squadron.

May Go to Australia.

Manila, April 14.—Governor General Northcote of the commonwealth of Australia, will, it is understood, invite Secretary of War Taft and party to visit Australia during the party's forthcoming visit to the Philippines. The commonwealth of Australia will defray the entire expenses, it is said. The American chamber of commerce of Manila is preparing to entertain Secretary Taft and party on an extensive scale during their stay in Manila.

Shoals Robber Confesses.

East St. Louis, Ill., April 14.—John Drake, released from the state penitentiary at Chester, April 4, who is now under arrest here, has confessed to Chief of Police Purdy that he had blown the postoffice safe at Shoals, Ind., three days after his release from the penitentiary. The Indiana authorities have been notified of the arrest.

Fans Smile Once More.

New York, April 14.—The baseball season for 1905 opened formally today. The first championship game for the year in the National League in New York is being played this afternoon by the New York and Boston teams at the polo grounds. In the American League the New York club opens its season with a game at Washington.

Meat Soaring at St. Louis.

St. Louis, April 14.—Within the last six days the price of beef and pork has been advanced from 1½ to 3 cents per pound by St. Louis packers. Retail dealers with but few exceptions are maintaining the old prices, although they assert that in some cases they are selling meat at a loss.

Revoked Their Licenses.

Guthrie, Okla., April 14.—Attorney General P. C. Simons has revoked the licenses of six of the seven surety companies operating in this territory because they have failed to comply with a recently enacted law requiring such companies to deposit \$50,000 with the territorial treasurer.

Boy Caught on Track.

Indianapolis, April 14.—Henry Hudson, fourteen years old, living a half mile south of Southport, was struck by a northbound passenger train on the J. M. & I. road and instantly killed.

CORDIAL INVITATION

ADDRESSED TO WORKING GIRLS

Miss Barrows Tells How Mrs. Pinkham's Advice Helps Working Girls

Girls who work are particularly susceptible to female disorders, especially those who are obliged to stand on their feet from morning until night in stores or factories.

Day in and day out the girl toils, and she is often the bread-winner of the family. Whether she is sick or well, whether it rains or shines, she must get to her place of employment, perform the duties exacted of her—smile and be agreeable.

Among this class the symptoms of female diseases are early manifest by weak and aching backs, pain in the lower limbs and lower part of the stomach. In consequence of frequent wetting of the feet, monthly periods become painful and irregular, and frequently there are faint and dizzy spells, with loss of appetite, until life is a burden. All of these symptoms point to a derangement of the female organism which can be easily and promptly cured by Lydia E. Pinkham's Vegetable Compound.

Miss Abby F. Barrows, Nelsonville, Athens Co., Ohio, tells what this great medicine did for her. She writes:

"I feel it my duty to tell you the good Lydia E. Pinkham's Vegetable Compound and Blood Purifier have done for me. Before I took them I was very nervous, had dull headaches, pains in back, and monthly were irregular. I had been to several doctors, and they did me no good. 'Your medicine has made me well and strong. I can do most any kind of work without complaint, and my periods are all right.'"

"I am in better health than I ever was, and I know it is all due to your remedies. I recommend your advice and medicine to all who suffer."

It is to such girls that Mrs. Pinkham holds out a helping hand and extends a cordial invitation to correspond with her. Her long record of success in treating woman's ills makes her letters of advice of untold value to every ailing working girl, and from her wide experience and skill she quickly points the way to health. Her advice is free, and all letters are held by her in the strictest confidence. Address, Mrs. Pinkham, Lynn, Mass.

THE CHICAGO STRIKE

Police Compelled to Use Clubs on the Disturbers.

Chicago, April 14.—Mayor Edward F. Dunne is endeavoring to effect peace between the contending sides in the present labor troubles in Chicago, but after several conferences with the labor leaders and representatives of the employers, the situation is unchanged. Mayor Dunne, however, is more hopeful of peace as the result of his efforts, and the peace negotiations will be continued with the hope that the barrier now preventing a settlement will be removed and that the two sides to the controversy will agree to confer together and accept the intervention of Mayor Dunne. The labor leaders declare that they are willing to meet the employers, but the latter decline the proposed conference.

While the peace negotiations are in progress Montgomery Ward & Co. continue to make deliveries with non-union teamsters. The service is interrupted, however, by the strikers and their sympathizers, who block the streets, making it almost an impossibility for the caravans under the protection of platoons of police to pass through the streets. In several instances the crowds have become so demonstrative that it was necessary for the police to use their clubs and several of the disturbers were hurt in the clashes with the bluecoats. During one of the attacks on the strike breakers three of the non-union men were seriously hurt, and it was necessary for the police to make several arrests before the crowd could be dispersed.

Brutal Assault on Priest.

Sioux City, Ia., April 14.—Father Schell, a Catholic priest, who has been warring on alleged abuses of the Indians on the Omaha and Winnebago Indian agency in Nebraska, was seriously assaulted by a saloon keeper at Dakota City, Neb. He was brought to a hospital in Sioux City. His jaw is broken and other injuries are serious, but he is not fatally hurt.

The Restful Home.

As a matter of fact, the average woman pays very little attention to the subject of color in her home, yet it is the most important factor in its general makeup and makes for beauty or ugliness according to the way the color is used.

When a house gives you a feeling of indescribable charm and tranquility as you enter it you may be sure this effect is due to the choice of color. The mysterious something that gives an air of individuality to the home is from the same cause—the right distribution of color and its powerful mental influence on the inmates and friends of the household.

The word home suggests a retreat—a safe place where one may shut out the world and its cares. But if the home is so arranged that naught but a disturbing element is the result the home defeats its own object.

The interior of one's home, be it flat, apartment, house or room, should be such that tired nerves may be rested within its walls, the mind and body refreshed and invigorated and the whole being cheered and at the same time rendered peaceful by its influence.

FRIDAY APRIL 14, 1905

TO BRACE YOU UP

During these Spring months you need Hostetter's Stomach Bitters. No matter whether you are young or old, rich or poor you'll find it the ideal medicine to sharpen the appetite, rid the system of winter impurities, or to overcome that "tired feeling." There's nothing like it for curing Belching, Bloating, Heartburn, Indigestion, Dyspepsia, Costiveness, Colds, Spring Fever or Grippe. Try a bottle today. Avoid substitutes.

HUSTETTER'S STOMACH BITTERS

JAMES K. ROBINSON, state inspector of the Grand Army, died at Madison Thursday. He served in the Fifty-sixth Indiana.

The readers of war news are getting anxious about the Japanese and Russian fleets. They are slow about getting together.

The announcement that W. P. Masters would succeed himself as postmaster at Seymour came as no surprise. He is an excellent postmaster and deserves reappointment. He had no opposition four years ago and will succeed himself without opposition.

In his speech at the Jefferson Club dinner in New York Judge Parker took occasion to rap W. J. Bryan and his pronounced radical policies. The Wall Street crowd have never lost an opportunity to throw the harpoon into Bryan and do not now seem to appreciate the work Bryan did for the Parker ticket last fall.

Former Pastors Coming.

A number of the invitations issued by the Invitation Committee for the celebration of the Fiftieth Anniversary of the First Presbyterian church have been received. Dr. J. F. Baird, of Cincinnati and former pastor of the church will deliver the principal address of the services on Sunday morning, April 30. Walter Wood, who is at the head of the Y. M. C. A. at Chicago and a former member of the church will also assist in the meetings. One of the pioneer members to be present is H. P. Cory, of Falmouth, Kentucky. Rev. Chas. White, of Dillsboro, Ohio, the first pastor of the church will also be here, as will Dr. W. O. Goodloe, of Crothersville, who was pastor of the church here some time ago. An excellent program is being prepared and an occasion of rare interest is anticipated. The anniversary will serve as a kind of awakening and revival to the members of the church and the fellowship of christian minds will be uplifting to all.

Died in Texas.

William J. Owens is dead at his home at Paris, Texas, after an illness of four weeks. He was a brother of Mrs. Andrew Keith of East Brown street, of this place, and was born and reared in this county, which he left twenty-one years ago. He was fifty-seven years of age and was formerly a minister of the Methodist church, but has recently been a traveling salesman. He leaves a wife and three children, Prof. A. C. Owen, principal of a school in Texas and Mesdames George N. Rodger and L. K. Peters, both of Paris, Texas.

20 Century Allegory.

Rev. John Hays, of Covington, Ky. will conclude his Twentieth Century Allegory at the First Baptist church tonight. The allegory grows in interest as it progresses and a good crowd should be heard it tonight. No admission, but a free will offering will be received.

In Favor of Defendant.

The decision in the case of Lloyd vs. Lloyd was made at Scottsburg this morning by Special Judge Koehnour in favor of the defendant, Mary A. Lloyd.

Masquerade Dance.

Big Easter Monday Dance given by the K. of P. social club at the Armory Hall April 24, 1905. Come and have a good time.

Frank Ritzler, of Ewing, returned to his home from Columbus last evening. Mrs. Oscar Allen, of Brownstown, was the guest of Mrs. Alpha Cox today.

JUST RECEIVED this morning a fresh consignment of fine Saturday candy at 29 cents. W. F. Peter Drug Co.

Ben Hamilton and wife arrived last evening on the 5:40 train and will visit relatives and friends here.

D. A. Baird and D. B. Robertson are building an addition to William Laraway's house in Hamilton township.

CITY COUNCIL.

City Building, Telephone Ordinance and other matters Up for Consideration.

The Seymour City Council met in regular session last night. The mayor was in the chair and all councilmen but Love answered the roll call. The clerk read the minutes of previous meetings, regular and special, which were adopted.

There were no reports from standing committees. Chairman Mills, of the special building committee reported his communication with Architect Royer requesting plans and estimate for a building 60x80 feet on the inside lot on Chestnut and the arch tree's reply. His estimate on such a building is \$14,000 as against \$12,000 for the one on the corner. This report was laid on the table and the building committee was instructed to proceed to execute the plans for a building on the corner lot according to previous action of the council.

Gibson and Robertson, special committee to look after improvements at the city park, reported that they found the trees in need of trimming and that they had employed a man to do that. They also recommended that two are lights be placed in the park and that a building for dancing or other meetings be built and that seats in the park be provided. That part of the report pertaining to the trimming of the trees was approved.

The fire committee reported deductions from quarterly light bill amounting to \$20.93, which report was approved.

The street commissioner made a report of the work done under his supervision during the past two weeks.

Wm. Thorpe, labor,.....	16.20

Mills introduced an ordinance to regulate the size, width and depth and materials to be used in the construction of curbs and gutters. Curbs and gutters are to be of concrete or dressed stone. Curbs to be not less than five inches thick and eighteen inches high. The gutters to be not less than four inches thick and thirty inches wide. Property owners must get proper grade line from city engineer before making such improvements and the work must be done under his supervision. The ordinance was not advanced.

Bahner introduced resolution for the improvement of the sidewalk on the north side of South Street and the P. C. & St. L. railroad by paving with concrete from the Southwest corner of lot 6 in block S. west to the Southwest corner of said lot 6.

The ordinance to grant a franchise to the Farmers Union Telephone Company was placed on the third reading. By consent Mills introduced an amendment to the ordinance providing that for each telephone in use and operated under this franchise within the city of Seymour in excess of 150 there shall be paid in to the treasury the sum of one dollar each month by the Farmers Union Telephone Company, its successors or assigns. Mr. Mills stated that this amendment was to further safeguard the city in the granting of franchise rights.

The mayor stated that representatives of the Farmers Union Telephone Company were present and desired to be heard. Rev. I. C. Overman was introduced as their spokesman and spoke at length of the purposes and desires of the company and said the proposition made by the Seymour Home Telephone Company to Farmers Union Telephone Company for connection at Seymour was exorbitant and more than the new company could pay.

Jos. H. Shea spoke for the Seymour Home Telephone Company in opposition to the franchise stating that the granting of this franchise was an assault on the Home Telephone Company's property and arguing that the rate proposed, 25 cents for each telephone subscriber on the lines of the Farmer's Union Company, was reasonable and just.

After Mr. Shea closed his argument the amendment offered by Mills was adopted.

Before the ordinance was placed on its final passage several councilmen discussed it and asked questions about the provisions of the ordinance and the purpose of the company asking the franchise. J. C. Montleth, of the Home Telephone Company, took part in the discussion. The vote on the ordinance was 5 to 4 in favor of its

adoption. The mayor stated after announcing the vote that he would veto the ordinance because he believed it would prove a too valuable asset to place in the hands of a corporation, the property of which could be sold by the Farmer's Union Telephone Company to some undesirable corporation. He further stated that the franchise would grant the new company more than they desired according to their own statements before the council, having made the statement that they did not desire to operate a general telephone system within the city, but would be satisfied with an entrance and the privilege of maintaining a station such as the Bell Telephone Company now has here. This much the mayor stated he would be in favor of granting at any time.

Miller introduced an ordinance to issue city building bonds to the amount of \$15,000, this ordinance to be substituted for the one previously introduced. Several members of the council submitted matters of minor importance under the head of miscellaneous business which were disposed of in order. Dr. Kamman, the health officer, reported that during the month of March there were in the city 15 births, 7 males and 8 females. There were 9 deaths, 3 males and 6 females. There were no cases of contagion.

POSTMASTERS.

Appointments In Third And Fourth Districts Announced.

Senators Beveridge and Hemenway have decided on the presidential post-office appointments in the Third and Fourth districts and have made public the names of these offices. In the list is the name of William P. Masters who will be his own successor. He had no opposition whatever. Mr. Masters is making a splendid postmaster and deserves reappointment. The appointments for the two districts are as follows:—

FOURTH DISTRICT.
Aurora—William A. Dennerline.
Batesville—Frederick Schrader.
Columbus—William F. Coats.
Edinburg—Walter Neible.
Franklin—Harry J. Martin.
Greenwood—John W. Henderson.
Hoosier—Herman Miller.
Lawrenceburg—Ezra Hayes.
Madison—Marcus R. Sulzer.
North Vernon—Joseph S. Smith.
Seymour—William P. Masters.
Vevay—William O. Protman.

THIRD DISTRICT
Charlestown—Joseph W. Morrow.
Jeffersonville—John R. Lancaster.
Huntingburg—Frank Duffenbach.
Jasper—Winfield S. Hunter.
New Albany—Robert W. Morris.
Corydon—Charles H. Reader.
French Lick—Rolla V. Claxton.
Orleans—Fred Kimbley.
Paoli—Edward L. Troop.
Cannelton—Charles T. Miller.
Tell City—Charles Frick.
Scottsburg—John McCartney.
Salem—Lewis Dennis.

Pony and Cart.

Miss Mable Roach and brother, William, are the happy possessors of a new and handsome pony and small road cart and are today enjoying it and pleasing some of their little friends by taking them out driving.

Ninety-two Millions Paid Policyholders.

The Prudential Insurance Company of America has added another highly successful year to its brilliant record, an announcement which will cause satisfaction to its millions of policyholders. The volume of paid-for insurance issued by The Prudential during 1904 was over \$312,000,000, an amount larger than ever before in the company's history. The assets were increased by \$10,000,000, bringing the accumulated assets up to over \$88,000,000, with liabilities of \$75,000,000, leaving a surplus of \$13,000,000. The Annual Statement of The Prudential, just published, analyzes these assets and shows them to be of the highest grade.

There was paid to policyholders during 1904 the sum of over \$13,000,000. The company since its organization has paid to policyholders over \$92,000,000.

A fact which strikes the casual reader, and one which goes far to explain the support of the company by the masses, is its just and liberal method of settling claims. Holders of old policies often receive more money than their policies entitle them to, no less than \$500,000 having been paid by the company since its formation in such voluntary concessions to holders of old policies.

Writes to the Home Office of the Company, Newark, N. J., for information concerning The Prudential's policies, which furnish guaranteed protection to the family as well as dividends to the policyholders.

A Tried and True Friend.

One Minute Cough Cure contains not an atom of any harmful drug, and is has been curing Coughs, Croup and Whooping Cough so long that it has proven itself to be a tried and true friend to the many who use it. Mrs. Gertrude E. Penner, Marion, Ind., says: "Coughing and straining so weakened me that I run down in weight from 148 to 92 pounds. After trying a number of remedies to no avail, One Minute Cough Cure entirely cured me." Sold by A. J. Pellens and W. F. Peter Drug Co.

IN A FEW DAYS

We shall have with us again that brightest, gayest season of the year—that season that bespeaks flowers and blossoming trees and twittering birds: the season of change from the old to the new.—Easter.

The Gold Mine.

We have searched the markets well. In the Millinery Department we have covered the wholesale field for new styles, new shapes and new effects, and from the modest street hat to the ultra-modest dress article. We have endeavored to combine in the highest possible degree—style, workmanship, quality and price. There is no recent style which is not represented in our Hat Department—no effect which our trimming force can not produce.

In the Dress Goods Department our shelves seem alive with their colors and shades which, blending and contrasting, seem to be holding an Easter Celebration in this department itself. We have earnestly endeavored to secure our share of seasonable merchandise in this line and believe we have succeeded.

In the fashionable cloths—Mohairs, Eolennes, wool and Silk Voles—throughout the entire line of fashionable fabrics we are fully prepared to meet your every want, and at prices that are hardly in keeping with the splendid offerings in this line.

A very recent New York invoice enables us to show you a line of Silks in Waistings and Suitings which is absolutely beyond any local competition. The late shades which have appeared within just the last few weeks are here fully represented.

In the Wash Goods Department is the largest and most select line in Southern Indiana. Mercerized fabrics in Waistings and Suitings that rival Silk itself are here in Mohairs, Etamines, Shantungs, Silk, Gingham, Zephyrs and Muslins, Eolennes, Solettes and Fil de Soies. In White Goods our line is excellent, and new patterns are added thereto almost daily.

Our Ready-to-Wear Department is fully able to cater to the most fastidious trade, and welcomes inspections and comparisons with other lines. Dozens of new suits fresh from Eastern designers are now in; these are not on sale at fancy prices, but on the basis of regular stock.

Shirtwaists in every conceivable style and effect are here—all that you have seen in the Fashion Journals and scores of others besides. In this department your attention is invited to our extra large invoice of Ready-to-Wear Skirts—these at prices which are ridiculous at this season of the year.

Over the entire store are scattered new things for Easter tide. There are new designs in belts, in ladies' and children's neck wear, in hand bags, in hosiery novelties in the thousand and one things which go to complete the feminine wardrobe of necessities and luxuries.

There are many new things in Muslin underwear which you most certainly must appreciate if you but see them. And just now the dutiful housewife is busy planning for the renewing and beautifying of the home. Let us say that in our basement we are well stocked with all sorts of conveniences to help you in this work—from carpet tacks to ready mixed paints. Here also is our big line of glassware, china, tin, and granite wares, etc.

In our Carpet Department is every weave and design known to the carpet and matting trade. Our orders which were placed six months ago, before the recent advance in raw material in this line, enable us to undersell all competition in carpets, matting, rugs, linoleums and oilcloths.

Don't forget that our big stock and large purchasing power in lace curtains, door panels and window shades means a saving to you.

THE GOLD MINE DEPARTMENT STORE.

SPRING SPRAYING.

Do Not Let the San Jose and Other Scales Get Ahead of You.

By J. J. BARTON.
If San Jose scale has not yet invaded your neighborhood, trust in a kind providence and make a move, good and hard, to keep it out. If it is already there, use the same measures, but in a more superlative degree, if such a thing there can be. The San Jose scale, or louse, for it is the latter, under the scale, that does the mischief, is a sort of little Jap in the world of insect pests. Many bigger ones there are, but few more successful.

How to Know the Scale.
The scale is most easily recognized in midsummer, when it imparts a sort of purplish tinge to the bark of the tree, but it is then very firmly entrenched and difficult to fight. Take a microscope to your apple, pear, peach and plum trees now, just as soon as you can, especially if they look a bit rough or scurfy or seemed in any way unthrifty last season.

A tree when badly infested with the San Jose scale presents a somewhat grayish appearance, as if it were coated with ashes, but the ordinary observers would hardly notice this or realize its significance. By carefully scraping the bark with a knife blade little scales of various sizes may be found, beneath which are the soft, jellylike orange colored insects.

What Shall We Do With It?
Spraying in late winter or early spring before the buds open is the accepted remedy. Various solutions are used, but the boiled lime, salt and sulphur mixture is perhaps still the cheapest and safest for the tree.

Owing to the trouble of preparing that wash, however, the Geneva (N. Y.) station devised a self boiling mixture that has met with much favor. The formula is as follows: Lime, 30 pounds; sulphur, 15 pounds; caustic soda, 6 pounds; water, 50 gallons.

The sulphur is made into a thin paste with boiling water and poured over and well distributed through the lime. Additional water is used as needed to keep the lime-sulphur material in a rather stiff paste. As soon as the lime is slaked the full amount of caustic soda is added and stirred until boiling ceases. Enough water is then poured in to make fifty gallons of the wash.

Just What the Trucker Likes.
Highly popular and in great favor with the truck grower is the Early Spring, an extremely early variety of the early flat type of cabbage. Its great attraction lies in its being a first

THE EARLY SPRING CABBAGE.

early "flat" cabbage, a type very desirable on the market; also its outer leaves are small and round, so that it may be planted very close, facts that commend it for the market gardener. It is of good quality, an early, sure and hard header. So even before maturing and while still small it is an excellent cabbage.

The Real Awfulness.
It is an awful fact that immigration into the United States is again running larger than ever, and the real awfulness lies in the large proportion of these immigrants who are of undesirable quality, says American Agriculture.

THE GARDEN KEYBOARD

Get busy right now. Study the seed catalogues. Don't neglect the advertisements. Sow peas as soon as the ground can be worked.

Now will you be good and test your seeds? Cherries and plums should be among the trees grafted earliest.

An "earliest green eating onion" is one of the new things of 1905. "Trimming time"—the milder days of late winter and early spring. "Prune when the knife is sharp," but never when the wood is frozen.

Lettuce and radish seed can go into the ground as soon as the surface can be scratched. Plowing the garden when the ground is wet makes bad work. Better a good job a few days delayed.

Get the first sowing of sweet peas into the earth as soon as the frost is out. Cover four or five inches deep. Cool weather after planting will not hurt them.

March weather is uncertain, but in many regions seed of the hardier vegetables, such as cabbage, cauliflower, onions, peas, parsnips, lettuce, etc., may be sown when normally good weather condition prevails and the ground is dry.

Has it ever occurred to you that early table turnips may be a very profitable crop? They can be planted very early—often before the weather is settled. Give small dressings of nitrate of soda at intervals and reap a handsome return.

Here is a good grafting wax: Resin, four parts by weight; beeswax, two parts; tallow, one part. Break the materials fine, melt thoroughly together and pour into a pail of cold water. When hard enough, pull and work till it "sets a grain" and is of the color of taffy. The hands must be greased.

RAILROAD RUMBLINGS.

Conductor George Childers is laying off for a rest.

The Pennsylvania pay car passed through here yesterday.

J. E. Mitchell, a former Panhandle conductor now residing at Scottsburg, was married a few days ago to Mrs. Florence Conner, of Otisco.

ECZEMA A FLESH FIRE

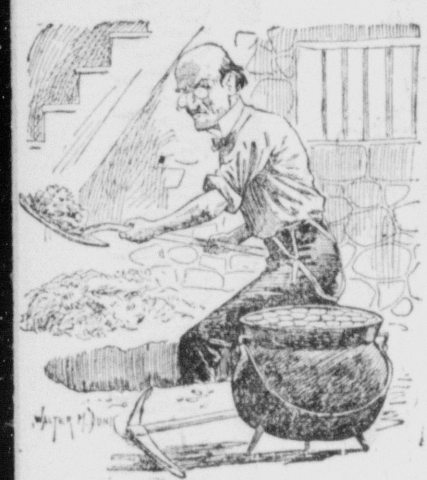

Those afflicted with Eczema know more than can be told of the suffering imposed by this "flesh fire." It usually begins with a slight redness of the skin, which gradually spreads, followed by blisters and pustules discharging a thin, sticky fluid that dries and scales off, leaving an inflamed surface, and at times the itching and burning are almost unbearable. While any part of the body is liable to be attacked, the hands, feet, back, arms, face and legs are the parts most often afflicted. The cause of Eczema is a too acid condition of the blood. The circulation becomes loaded with fiery, acid poisons that are forced through the glands and pores of the skin which set the flesh afire. Since the cause of the disease is in the blood it is a waste of time to try to cure it with local applications; the cause must be removed before a cure can be effected. S. S. S. has no equal as a remedy for Eczema; it enters the blood and forces out the poison through the natural channels, and builds up the entire system. The skin becomes smooth and soft again, and the Eczema is cured. Cases that have persistently refused to be cured under the ordinary treatment yield to its purifying, cooling effect on the blood. Book on Skin Diseases and any advice wished, without charge.

FARM GARDEN

CATCH ON, BROTHER.

Practical Farmers Tell of Crops Quadrupled by Bacteria.

CANADA FIELD PEAS.

Interesting feature of it is the record of reports from practical farmers in nearly every state of the Union of their experience with the artificial cultures. These reports cover alfalfa, red clover, peas and practically all the other legumes. An example is this: J. T. Campbell of Hartstown, Pa., on field peas, "Where the soil was inoculated the result was marvelous—four times as great as where there was no inoculation. Nodules one-half inch in diameter." See the first cut.

As to red clover, C. O. Barclay, Adam's Basin, N. Y., says: "I never had as good success with clover seed before. It looks as if every seed germinated. I have failed for the past three years."

Walter W. Law, Briarcliff Manor, N. Y., says of inoculated alfalfa: "Good stand. I never could get any to take before."

A. Murray, Halstead, Kan., says: "The alfalfa inoculated could not have done better. I think inoculated alfalfa is as good as one year old as uninoculated at three years old."

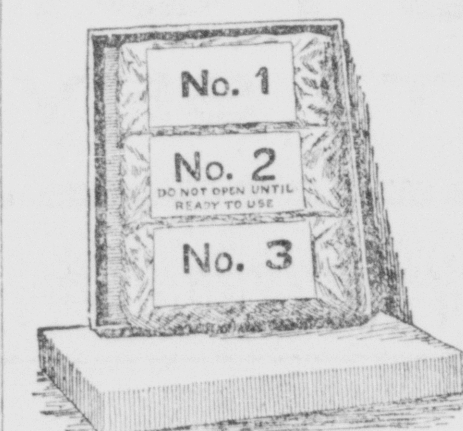

Several of Dr. Moore's own statements will be in the nature of a surprise to many farmers. He remarks that the legumes can flourish in a soil that is practically devoid of nitrogen. The explanation is that owing to the direct effect of the nodule forming bacteria these plants are supplied with a source of nitrogen not available to most plants.

Dr. Moore also says it is possible for nitrogen fixing bacteria to penetrate the roots of plants and be of decided benefit without the formation of nodules or any external evidence of their presence. Further information is:

The use of German nitrogen has not been a success.

There is but one species of legume organism. The difference in the infective power of bacteria from different hosts is due to slight physiological variations which can be broken down readily by cultivation.

The nitrogen is fixed by the bacteria in the nodule and becomes available by

PACKAGE OF INOCULATING MATERIAL.

[Sufficient for four acres of alfalfa. A sheet of directions for the use of the three packets accompanies each package.]

the action of the plant in dissolving and absorbing the combined nitrogen in these organisms.

While it is desirable that artificial inoculation be made at the time of planting, experience has shown that under certain conditions crops of three or four years' standing are improved by adding bacteria to the soil.

The Wool Clip.

The wool clip of the United States for 1904, according to the annual estimate of the National Association of Wool Manufacturers, aggregates 291,783,032 pounds in the grease. This is equivalent to 123,935,147 pounds scoured, the smallest output since 1900. The total value of the clip is placed at \$64,940,959, the highest for several years. Montana led in the production of wool, with a total of 37,773,000 gross pounds; Wyoming came second, with 29,450,000 pounds; New Mexico third, with 17,325,000 pounds. Other states with upward of 10,000,000 pounds were Idaho, Oregon, California, Utah and Ohio. The clip shows a gain of 4,333,000 pounds over last year in the grease, but a decrease of 431,000 pounds scoured wool.

Brain Workers.

Brain workers suffer from headache because they over-tax and exhaust the brain nerves.

Tired, irritated, turbulent brain nerves throb and ache; this weakens the brain power, and robs the memory.

Dr. Miles' Anti-Pain Pills bring tranquility to the excited nerves and stop the pain.

If not relieved, this nerve disturbance is frequently extended to the stomach, causing nausea, vomiting—sick headache.

Dr. Miles' Anti-Pain Pills are convenient to take—just a little tablet, that in a few moments relieves the pain; they leave no disagreeable after-effects, as they contain no opium, morphine, cocaine or chloral in any form.

"From personal experience I can testify that Dr. Miles' Anti-Pain Pills are a most excellent remedy for headache and neuralgia. I have been a great sufferer from both diseases for the past three years. A friend who had also suffered from neuralgia handed me some of the Anti-Pain Pills. I took them and they gave me almost instant relief. Since then I have a package at home, and another at the office, and they never fail to relieve me." R. M. MEGARY, 237 S. Sawyer St., Chicago, Ill.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails he will return your money. 25 doses, 25 cents. Never sold in bulk. Miles Medical Co., Elkhart, Ind.

Weak, Nervous Women

W. F. PETER DRUG CO.

VALLONIA.

Rev. E. B. Goller delivered a lecture at the Christian church last week on the organization of Sunday schools.

He is a state organizer of no little ability and his talk was well rendered and the organization extended to Driftwood Township.

Prof. S. A. Kent, President; Robt. Wilson, Vice President; Blanche Schryer, Secretary and Treasurer.

Miss Nellie Lewellyn returned to her home Monday after a week's visit at Ben Morris'.

Miss Inez Empson returned to Ludianapolis Monday where she starts in with her spring term of school at Shortridge.

Let everybody remember the date of the entertainment to be given by the Literary Club, Saturday, April 15.

Miss Alma Lubber returned home last week from Yocman where she has spent several months for her health.

The series of meetings being held at the Christian church is largely attended and is doing some good work.

Miss Lulu Bland, who has been the intermediate teacher in the public school of this place for the past term, returned to her home at Dupont Monday. We regret to lose her as a friend and as one of the young people of our town.

Miss Blanche Schryer is at home this week.

Clifford Ribelin has returned to Vallonia again to resume his duties.

FARM GARDEN

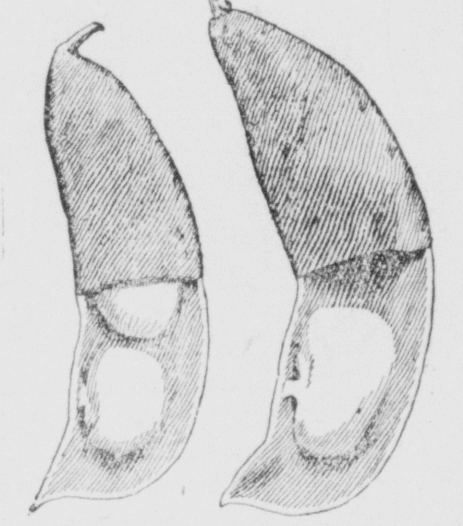

NEW THINGS IN NEW JERSEY

The Jersey Belle Eggplant is One of the Season's Taking Novelties.

As might be expected in a state famous for its gardening industry, the New Jersey experiment station has been doing some unique work in the breeding of truck crops. As a result of this a new variety of sweet corn, the Voorhees Red, was sent out last spring.

This season four new things are announced—the Station Bush Lima bean, the Kelsey Bush Lima bean, the Station Yellow tomato and the Jersey Belle eggplant.

Since 1900 work has progressed upon the crosses of bush or dwarf lima

THE KELSEY. THE STATION BUSH.

beans secured between the Henderson as the male and the Burpee as the female parent. Out of the crosses two have been selected. One, nearer the Burpee, is named the Station Bush Lima, and the other, approaching the Henderson type, is called the Kelsey.

One of the chief valuable characteristics of these crosses is their remarkable productiveness. Crossed plants often show this tendency, and here there has been a striking example of vigor and fruitfulness.

The quality of the crosses is said to compare favorably with that of the Burpee, a variety of high grade. The yield has been fully double that of either parent under similar circumstances.

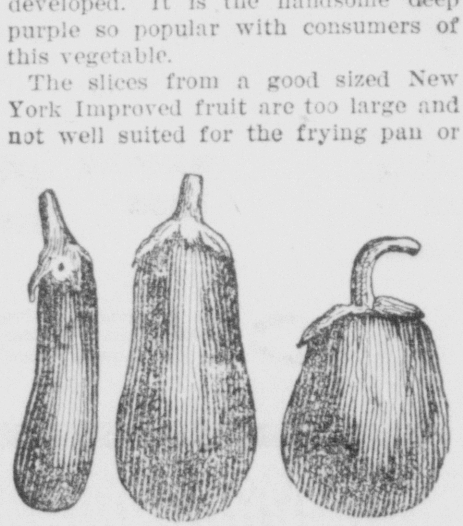

The Station Yellow tomato, a cross of Golden Sunrise upon Dwarf Champion, gets its fine color, between that of a ripe lemon and orange, from the male parent (Golden Sunrise) and the upright or dwarfed habit of vine from the female or Champion ancestor.

The plant and fruit are somewhat larger than the Champion and the foliage less "curled." Thickness of the wall of the fruit, with firmness of flesh, renders them desirable for marketing and adds to the percentage of edible flesh for the table.

A cross between the New York Improved Spadecross variety of eggplant and the Early Long Purple is shown in the second cut, the Jersey Belle in the center, with the Long Purple at the left and the New York on the right.

The fruit of the Jersey Belle, instead of being long and slender and often curved, as is the Long Purple, or nearly oval, as is the New York Improved, is seen to be a combination of these two extremes. No change in color has developed. It is the handsome deep purple so popular with consumers of this vegetable.

The slices from a good sized New York Improved fruit are too large and not well suited for the frying pan or

A CROSS IN EGGPLANTS.

for serving upon the table, while the cross is a decided improvement in this respect. In the Long Purple the fruit is too slender, but the small and nearly seedless slices are superior in quality.

The Jersey Belle retains the good qualities of its slender fruited parent and at the same time yields abundantly of fruits, with two-thirds of their flesh free from seeds, or nearly twice as much as in the New York Improved variety.

Fall and Early Winter Lambs.

Remember the term "hothouse" lamb does not mean that you must grow your animal in a semi-incubator. The feeding barn should never be kept hot.

The feeder should exercise care that his lambs do not get in a draft and are well sheltered, but see that they have air. It will not hurt them once in awhile to go out in the snow. Our fall and winter lambs often weigh forty to fifty pounds early in the spring and bring from \$7 to \$10 per head, according to the market. All lamb feeders who can grow alfalfa should not fail to be without this wonderful hay. I attribute most of my success with lambs to alfalfa. The past season I raised 350 tons on my farm and use it freely.

Also I grow 2,000 bushels of oats and barley, 4,000 bushels of shell corn and 300 bushels of soy beans on my place, much of which was fed to sheep, handling about a thousand head per year, said Joseph E. Wing before the Connecticut board of agriculture.

NEW DRIFTWOOD.

The Commencement at this place Thursday night was well attended.

Rev. Philip Schmidt of Seymour, visited in this neighborhood Wednesday.

School closed here Friday April 14th.

An assessor was here last week.

Miss Lydia Leekamp went to Crothersville Sunday to attend the wedding of Miss Lora Trovbridge and Henry Leekamp.

Russell & Elmer were in this neighborhood last week buying stock.

Miss Mamie Shruok, of Seymour, is visiting her grandmother, Mrs. Hannah Quinn.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of

Chas. H. Fletcher. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

Cast H. Fletcher

DUDLEYTON.

Those reported sick with scarlet fever last week are well again.

Wm. Goehner and family of Crothersville attended church here last Sunday.

The confirming class who passed their examination last Sunday will be confirmed on Palm Sunday April 16.

Ferdinand Brummer is working for John Snyder at Brownstown.

Henry the 4 year son of Ed Snyder met with quite a serious accident on Wednesday morning March 29. While at the barn turning out some cows the wind being so strong, threw a door upon him. He is improving as well as could be expected.

Ed Werning and family of Seymour visited relatives here last Sunday.

Brummel bought 2 1/2 acres of ground from John Vande Walle near this place.

Ed Snyder bought 70 acres of Muscatuck bottom ground from Charles Henry. Consideration \$1000.

Wheat looks better this year than it has for many years at this time of the year.

Henry Klinge has purchased a new buggy.

Will Boff bought a big span of mules.

Ed Miller has erected a new machine shed.

Lightning struck our telephone line and burnt out three phones last Monday night. Geockers' Osterman's and Poppie's. Geockers', Osterman's and Miller's houses were damaged a little.

DeWitt's Little Early Risers
The famous little pills.

DOING THEIR DUTY.

Scores of Seymour Readers are Learning the Duty of Kidneys.

To filter the blood is the kidneys' duty.

When they fail to do this the kidneys are sick.

Backache and many kidney ills follow.

Urinary trouble, diabetes.

Doan's Kidney Pills cure them all. Seymour people endorse our claim.

James Pollard, of Cincinnati Ave., railroad employee, says: "For many years off and on suffered from lameness across the loins and sharp twinges of pain in my back every time I made a sudden movement. I could lift nothing of any weight and there was lack of ambition to do anything. At times the pains felt as though someone was plunging an awl into me. Any little cold or exposure brought on an attack and caused me acute suffering. I had heard about Doan's Kidney Pills and procured them at C. W. Milhous' drug store. They proved just the remedy I needed and soon relieved of the whole trouble. My kidneys have been regular and normal ever since and I can sleep all night without being disturbed."

For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name Doan's and take no other.

OAK GROVE.

Prayer meeting was well attended here Tuesday night.

Tucker Brooks went to Reddington Sunday to visit relatives.

The funeral of little Willie Rose at Whites Chapel Sunday evening was largely attended. Funeral services were conducted by Rev. Jacob White.

Mr. Fred Ray, of Scottsburg, who spent the past week here with relatives went to Terre Haute Sunday where he has employment.

Oliver Graves and wife, of Happy Hollow visited friends here Sunday.

Forget About Your Stomach.

After a hearty meal a dose of Kodol Dyspepsia Cure will prevent an attack of indigestion. Kodol is a thorough digestant and a guaranteed cure for Indigestion, Dyspepsia, Gas on the Stomach, Sour Rising, Bad Breath and all stomach troubles. N. Watkins, Lebus Ky., says: "I can testify to the efficacy of Kodol in the cure of Stomach Trouble. I was afflicted with Stomach Trouble for fifteen years and have taken six bottles of your Kodol Dyspepsia Cure, which entirely cured me. The six bottles were worth \$1,000 to me." Kodol Dyspepsia Cure will digest any quantity of all the wholesome food you want to eat while your stomach takes a rest—recuperates and grows strong. This wonderful preparation is justly entitled to all of its many remarkable cures. Sold by A. J. Pellens and W. F. Peter Drug Co.

Kodol Dyspepsia Cure
Digests what you eat.

PEA RIDGE.

Our school will be out Thursday. The sick are reported better.

A much needed rain fell Monday night and Tuesday.

DeWitt's Witch Hazel Salve
For Piles, Burns, Sores.

RED BRUSH

A young mare belonging to William Hughes was badly crippled last week by getting on a picket fence.

Davis Sanford has moved into the house built by H. L. Cas.

Wheat looks fine and the prospects are for a big crop. Peach trees are in full bloom and promise a big yield at this time. The farmers are now plowing for corn.

David Collins has moved to his farm.

Sund y school here every Sunday at 9 a. m.

The Good Old Way.

A severe cold or attack of la grippe is like a fire, the sooner you combat it the better your chances are to overpower it. But few mothers in this age are willing to do the necessary work required to give a good old fashioned reliable treatment such as would be administered by their grandmothers, backed by B. Bee's German Syrup, which was always liberally used in connection with the home treatment of colds and is still in greater household favor than any know remedy. But even without the application of the old fashioned aids German Syrup will cure a severe cold in quick time. It will cure colds in children or grown people. It relieves the congested organs, allays the irritation and effectively stops the coughs. Any child will take it. It is invaluable in a household of children. Trial size bottle, 25c; regular size 75c. For sale by W. F. Peter Drug Co.

BEECH GROVE

Rev. I. C. Overman preached at this place Saturday.

Eugene Austin and wife of Commisky visited in the family of W. H. King Sunday.

James Johnson and family of Weston, called on C. C. Finley and family Sunday.

Newt Wetzel and wife of Scott Co., visited J. Q. Foster and family Sunday.

W. H. King and wife called on friends in Jefferson county Saturday.

Fred Barkman visited U. G. King Sunday.

School closed at this place Wednesday with a big dinner prepared by the patrons. In the afternoon an excellent program consisting of music, recitations and talks were given. Mr. Gillaspay, the teacher, was presented with a fountain pen which showed the high esteem in which the scholars held their teacher. Mr. Gillaspay has taught a successful term and the people of Beech Grove wish to see him back to this school next winter.

Don't Borrow Trouble

It is a bad habit to borrow anything, but the worst thing you can possibly borrow, is trouble. When sick, sore, heavy, weary and worn-out by the pains and poisons of dyspepsia, biliousness, Bright's disease, and similar internal disorders, don't sit down and brood over your symptoms, but fly for relief to Electric Bitters. Here you will find sure and permanent forgetfulness of all your troubles, and your body will not be burdened by a load of debt disease. W. F. Peter Drug Co. Price 50c. Guaranteed.

REMEMBER Easter Sunday will soon be here you will then want to wear that new Suit. But, if you do not place your order in the very near future, we will be compelled to disappoint you.

PETTERMANN, The Tailor.

THE HOME OF STYLISH CLOTHING.

REBEKAHS.

OLD FOLKS.

Their Days May Be Prolonged.

How the Evening of Life May Be Made Happier for All.

"If people only knew the good that Vinol does old people," said Mr. Peter of the W. F. Peter Drug Co. "columns of space in our newspapers would be devoted to the subject for the benefit of mankind in general. I can truly say that we have never sold anything in our store equal to Vinol as a strengthener and body-builder for old people."

"You see, with old age comes feebleness and loss of power, the organs act more slowly and less effectively than in youth, the appetite is poor, the digestion weak, and there is not that same renewal of body tissue."

"There is nothing more pitiful to me than to see old people tottering around. I know that Vinol cannot bring back lost years, but it will lengthen life and brighten the years that remain."

"We are hearing from all over the country remarkable results which prove my statement, and we have received letters from sons and daughters of old people telling how father or mother has been made well and happy by the vigor and strength which Vinol brings the old."

"It was only a few days ago a letter was brought to my attention from Mr. John G. Nichols of Lawrence, Mass., in which he said that he was eighty-four years old, and he had not felt so well for fifteen years as he had since taking Vinol; it gave him a good appetite, and he feels strong and well, and is working every day from six o'clock in the morning until five o'clock at night."

"It is just this way," continued Mr. Peter, "Vinol invigorates the stomach first of all, creates an appetite and enables the stomach to separate from food the elements needed for rich, red blood, healthy body material and sound, steady nerves. In this natural manner it repairs worn tissues, checks the natural decline and replaces weakness with strength."

"For any one suffering from any weakened, run-down condition Vinol will do the same; and it is because we know so well what Vinol will do that we guarantee its action, and we will gladly refund the money paid for it to any one who is not satisfied. I wish every old person in this vicinity would just try Vinol on our guarantee. If it does not satisfy, then it will not cost them a cent. W. F. Peter Drug Co."

At ten o'clock the Rebekahs and their friends present marched in a body to the Masonic banquet hall, where they sat down to a sumptuous banquet. The room and tables were very beautifully decorated with the Rebekah colors and cut flowers. C. C. Frey acted as toastmaster and toasts were responded to by O. O. Swails, Dr. L. B. Hill and C. H. Rutherford. Miss Anna Hancock responded to the other speakers in behalf of the Rebekahs. Just at twelve o'clock all departed for their homes after a most delightful evening.

The Seymour lodge of Rebekahs was organized a year ago with 92 charter members. The membership is now 217 which shows remarkable progress.

Church Organ Barred.

Down at Palmyra Harrison County Chas. T. Bush conveyed a lot to a church on which a house of worship will be erected. The deed provides that no organ or other musical instrument is to be used or kept in the church. The deed further provides no festival or church fairs are to be conducted there. If these provisions are violated the church property will become the property of those in the church who oppose such practices by a church. The trustees of the church accepted the conditions.

About Weddings.

The New Idea Woman's Magazine for May contains a number of articles apropos to the ever-recurrent spring wedding. Charlotte Millward writes on wedding-gowns, and Frances Welsh Britton takes up the etiquette of weddings, and details the proper forms from the invitations to the rice shower. Wedding-breakfast menus and recipes for home-made wedding cakes are given in the cooking columns.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.
Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or scum will settle to the bottom, indicating an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.
There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

VIOLATED PAROLE

And For That Reason Reformatory Authorities Want C. S. Wynne.

REQUISITION IS DENIED

Governor of Colorado Refuses to Sanction the Official Request of Governor Hanly.

Wynne Has Had a Strenuous Experience Since His Parole Two Years Ago.

Indianapolis, April 14.—Word has been received at the governor's office that Governor McDonald of Colorado has refused to honor the requisition papers that Governor Hanly has issued for the return to this state of Charles S. Wynne, who is wanted in Indiana for the violation of his parole.

Wynne was paroled in 1903 from the reformatory, where he had been sent for stealing a horse and buggy in Henry county. He is said to have violated the conditions of the parole, and the requisition was issued that he might be returned to the reformatory. It is understood that the requisition was refused because of some technical deficiency. From the story that is sent out from Denver, Col., it appears that after being paroled from the reformatory, Wynne was incarcerated in the Illinois state prison at Joliet, from which he was pardoned that he might stand trial on the charge of murdering two policemen in Denver. On this charge he seems to have been acquitted recently, and the Indiana authorities, contending that he violated his parole by the offense for which he was incarcerated at Joliet, seek to have him returned.

BOLD BURGLARS

Rob the Bank of Churubusco and Wound Banker's Wife.

Churubusco, Ind., April 14.—Gandy's bank at this place was robbed of \$8,540 by six masked burglars after the safe had been blown to pieces. The Gandy family was awakened by the explosion and several members rushed out to intercept the burglars. The burglars immediately opened fire on them, and Mrs. Gandy was shot in the neck, but the wound is not dangerous.

After the shooting the robbers escaped. Within a few minutes the whole town was aroused and posses started in pursuit of the robbers, without success. The robbers overlooked \$2,000 on the floor under the safe door.

Fatally Shot in Saloon.

Anderson, Ind., April 14.—As the result of a saloon brawl in this city, Henry Russell, white, twenty-six years old, was shot and probably fatally wounded by Horace Poindexter of Muncie, a negro, apparently twenty-five years old. Poindexter was with in six feet of Russell when he fired. The ball entered Russell's abdomen. Although pursued by an officer soon after the shooting, Poindexter escaped to the country and boarded an interurban electric car. He was arrested by officers at Indianapolis when the car reached the state fair grounds, and was returned to this city.

Traveling Men Meet.

West Baden, Ind., April 15.—"Knights of the grip" from every part of Indiana are pouring into this place in a constant stream today, the occasion being the fifteenth annual convention of the Indiana Division of the Travelers' Protective association, which is in session here today. An interesting program of business and social features has been prepared. Tonight the official hall will be held. All the business of the convention will be concluded Saturday, and in the evening a grand reception will be held at the French Lick Springs hotel.

Merchants Denounce Slot Machines.

Evansville, Ind., April 14.—The Retail Merchants' association of this place, at its regular meeting, passed a resolution denouncing the slot machines, and a committee was appointed to confer with the Evansville Business association and Evansville Manufacturers' association to prepare a petition to the mayor. The grocers oppose the machines on the ground that they take money out of the regular channels of trade.

Farmer Committed Suicide.

Noblesville, Ind., April 14.—John Yarling, aged sixty, committed suicide by hanging himself in his barn. He tied a rope to a rafter and jumped out of the haymow. He was dead when found by his children. He owned 400 acres of land, was not financially embarrassed, and had good health. His family cannot assign any cause for the deed.

Spreads to Indiana.

Lafayette, Ind., April 14.—Laura Hogue, aged twelve years, is dead of cerebro spinal meningitis after ten weeks' illness, and Constantine Jaeger, aged three years, is dead after four days' sickness.

Epidemic Closes Schools.

Hillsboro, Ind., April 14.—The public schools have closed, the prevalence of scarlet fever reducing the attendance to a minimum.

Don't let the children suffer. If they are fretful, peevish and cross, give them Hollister's Rocky Mountain Tea. The best baby tonic known. Strength and health follow its use. 35 cents, W. F. Peter Drug Co.

HIGH STANDARD MAINTAINED

Governor Hanly Shows Himself Favorable to Local Civil Service.

Indianapolis, Ind., April 14.—Before Governor Hanly was inaugurated he stated in an interview that no employee of the state would be removed from office by him except for cause. It was supposed that he meant it to apply to the employees of the state institutions but he seems to be determined to reappoint most of the men who served under Governor Durbin. Colonel Huffman, state house custodian, is the only one at the capital not reappointed but the governor asked him to step aside that he might reward O. A. Baker of Shoals one of his close friends. It is supposed now that none of the hospital superintendents or heads of other state institutions will be molested. The action of the governor practically amounts to extending civil service over the institutions but inasmuch as they are now at a higher standard than ever before the public will probably be pleased that there are to be no removals. Of course, there are many politicians who would like a return to the spoils system but they will hardly get any encouragement from the present administration.

It is not probable that either of the old parties will organize for the opening of the local campaign before the first of June. There is considerable talk, of course, about the organization but most of it originates in the newspapers. So far as the party leaders are concerned they are not making much fuss about matters. On the contrary the chairmen of both committees seem very anxious for a short campaign to begin about the middle or latter part of August. Neither Chairman Logsdon of the Republican organization or Chairman Keach of the Democratic side will be candidates for re-election. There are several prospective candidates who would like to succeed them but none have made formal announcement. It is not likely that the campaign will be as hot as it was two years ago when it was a record breaker, but it promises to be a very interesting proposition. It looks very much now as if ex-Mayer Bookwalter will again head the Republican ticket. Many members of his own party don't want him but there is no candidate in sight who seems to have a chance of beating him out. The Twelfth ward has already endorsed him which is a good start—at least better than any other prospective candidate has. Holtzman will again head the Democratic ticket and as George Hitz again proposes to make the race as an independent candidate the line up so far as the parties are concerned will be the same as it was two years ago. Bookwalter is confident that with another chance he can win.

The list of recommendations for the first, second and third class postmasters of the Third and Fourth districts was given out today by local representatives of Senators Hemenway and Beveridge. Senator Hemenway made recommendations for the Third and Senator Beveridge for the Fourth. The list follows: Third district, Charlestown, J. W. Morrow; Jeffersonville, J. R. Lancaster; Huntington, Frank Duffendach; Jasper, Winfield S. Hunter; New Albany, Robert W. Morris; Corydon, C. H. Reader; French Lick, Rolla V. Claxton; Orleans, Fred Kimbley; Paoli, E. L. Troop; Cannelton, C. T. Miller; Tell City, Charles Frick; Scottsburg, John McCarty; Salem, Lewis Dennis; Fourth District, Aurora, William F. Coats; Edinburg, Walter Noble; Franklin, Harry J. Martin; Greenwood, John W. Henderson; Hope, Herman Miller; Lawrenceburg, Ezra Hayes; Madison, Marcus Sulzer; North Vernon, J. S. Smith; Seymour, William P. Masters; Vevay, William O. Protsman. The only postmasters reappointed in the Third are Morris, Kimbley, Miller and Dennis; in the Fourth, Martin, Henderson, Miller, Smith, Masters and Protsman. Lancaster at Jeffersonville, succeeded Newton Myers a well known party leader who has held office eight years in the face of the bitterest kind of factional strife.

Another important step in the development of the interurban business of Indiana is about to be witnessed here in the erection of a union freight station. When the Indianapolis Traction and Terminal company announced that it would build a \$1,000,000 passenger station for interurbans it was hailed as a leader in the interurban movement but it is now about to undertake plans for further perfecting the business here. The local freight business of the interurbans has become such an important feature that better facilities are necessary. The union station is to be located on the same block with the passenger station. A part of it will occupy the site of the old Thos. A. Hendricks' homestead directly across from the northeast corner of the state house. It will cost in the neighborhood of \$50,000 and will probably be completed within the next six months as the company has an agreement with the city to have it ready for use by the end of this year.

Company Is Exonerated.

Brockton, Mass., April 14.—The R. B. Grover company and its agents were declared to be blameless for the explosion which destroyed its shoe factory here on March 29 and caused the death of fifty-seven persons, by the finding of Judge Fred M. Bixby, which has just been made public. The explosion is held to be due to a defect in the boiler which could not have been discovered.

Why suffer with spring tiredness, mean, cross feeling, no strength, no appetite? Hollister's Rocky Mountain Tea will make you well and keep you well. 35 cents, Tea or Tablets. W. F. Peter Drug Co.

CORRECT DRESS FOR MEN.
